JNTUH, Kukatpally
Hyderabad

About the FDP

The FDP aims to facilitate a deeper understanding of the revised B.Pharm curriculum (2026) and its effective implementation in alignment with the vision of NEP 2020. The programme will focus on strengthening learner-centric, outcome-based and competency-driven education through effective teaching-learning practices, experiential learning, innovative pedagogies, assessment strategies, and integration of emerging skills. The programme will provide a valuable platform for faculty members to interact with experts, share academic experiences, clarify curriculum-related perspectives, and explore practical approaches to translating the revised syllabus into meaningful learning experiences and improved student outcomes.
